We will illustrate
the excellencies and
the beauty of Italy,

because our country is extraordinary! People from all over the world have discovered and love Italy: they enjoy our coastlines, explore the streets of tiny villages and big cities, discover our art, savor our rich cuisine, visit our craftsman workshops in which handmade objects, fashion and design articles are created.

Top Destinations is born of the will to describe this Italy.

With Top Destinations in Italy you can discover the most exclusive addresses of:

- Lake of Como
- Amalfi Coast
- Portofino area
- Venice
- Florence and Tuscany countryside
- Umbria
- Apulia
- Sicily
- Cortina d'Ampezzo

Wanting to develop a
guide to this
extraordinary journey,

we've created a portal and an online magazine to describe the excellencies and beauties of our country. Neither world famous brands nor hotel chains but the hidden niche treasures scattered throughout the country. For foreigners and Italians alike.

We'll illustrate the luxury of sartorial clothing, of traditional food cooked by passionate, loving chefs. We'll guide you to ancient villas, overflowing with history and life experiences. We'll describe unknown people and their simple gestures, to convey a concept of luxury to be found in Italy alone.

Top Destinations in Italy will be a journey. A journey among Italian marvels, for everyone to discover - or rediscover - our treasures.

Our advertisers have the privilege of expressing their unreleased points of view,

regarding a niche luxury branch, not of world famous brands and their label showrooms.

Exclusive boutiques in which designers and artisans create exclusive clothing, accessories and furnishings - custom made of precious materials, product lines that express the real Made in Italy. Again restaurants, hotels, villas for events, spas. All in luxury, all in prestigious locations.

Realities that describe a unique, exclusive, surprising Italy. Away from the great chain hotels, far from the classic tourist itineraries. To discover new places, new tastes. To live world-famous locations in innovative ways.

Top Destinations in Italy

will illustrate the most exclusive realities of each location:

- Hotels
- Restaurants
- Spa
- Villas for events, weddings
- Boutiques
- Artisan workshops
